BY GRAMMY AWARD
WINNING ARTIST

KENNY G

Kenny G has a way with melody. That's not necessarily a revelation, but more like a huge understatement, and it really comes into focus at this point in Kenny's amazing career. With more than 75 million albums sold worldwide, Kenny G owns the best-selling instrumental record of all time. Kenny has an innate ability to convey deep emotional resonance with his saxophone.

For the last several years, Kenny has taken to the internet with gusto, as new generations of listeners have discovered his music and contemporary hitmakers have enlisted him for guest appearances on their albums. His posts have become memes and gone viral, as he continues to have fun with the whole idea of being his iconic self.
